THE FOUNDER DESK

Education empowers an individual to make right choices. Right choices in life leads to success, happiness and satisfaction.

As an educationist, I believe in empowering students to choose and create a life they want to live and hence making society better for all. Right education at the right time can make a student achieve anything they want to.

Narayana's courses have been re-designed to suit the changing times, temperament of students and needs of the gripping syllabus.

Our courses cater to all the needs of the aspirants to help them to excel in various competitive as well as Board examinations. Innovative strategies and techniques adopted in our centres, keep our students abreast of the ever-changing pattern of top level Engineering/Medical Entrance Exams. As a result, Narayana's time-tested learning formulae are percolating to far-flung areas of India to benefit students from all backgrounds.

"Our goal is to empower you to fulfill your dreams". Today we rededicate more than four decades of our success to enrich and realize your dreams. I wish all our students a very successful academic year ahead.

Our Vision

Determination,
Progress and Service

Our Mission

The Narayana Group is committed to instill well-rounded academic rigor and imbue the zeal for competition so that one's course of action can lead them to reach the zenith of success meaningfully.

Determination

We are an institution who believe in constantly attempting to achieve both short-term objectives and long-term goals in balanced measure. The Narayana Group strongly emphasizes the true nature of determination in pursuit of the most tangible forms of academic success.

Progress

In realizing our mission, we hold the necessity of progress as paramount. Our direction is futuristic and transitional. We believe this forward sightedness plays an instrumental role for any institution to stand firm ground.

Service

To march forward persistently, one's journey must be laden with purpose. The Narayana Group shall continue to utilize material and intellectual resources and evolve a social temperament in the name of service to the nation and humanity at large.

Academic Rigour

To help develop a natural tenacity to grasp academic concepts, master its content, experiment with methodology and apply complex approaches in a meticulous manner.

Zeal of Competition

We encourage individuals to test scientific knowledge and the extent of its application in the real world, thereby inculcating a competitive spirit that helps one adapt to contemporary challenges.

Zenith of Success

We strive towards achieving the highest peaks there can be in the field of education by addressing aspirations of the hour and career ambitions of the day.

JEE (Advanced)

Admission into various undergraduate programmes across IITs is through the Joint Entrance Examination (Advanced). Through JEE (Advanced), IITs offer admission into undergraduate courses leading to a Bachelor's, Integrated Master's or Bachelor-Master Dual Degree in Engineering, Sciences, Architecture, or Pharmaceuticals.

An interesting feature of the JEE Advanced exam is related to its marking scheme - as it has the concept of full, partial and zero marks. For example, if a candidate attempts a question with multiple correct answer, the candidate will be awarded different marks depending on whether the candidate gets all or a few options right, or doesn't attempt at all.

Date of Examination :

Normally JEE (Advanced) holds in the month of May but due to pandemic JEE (Advanced) 2021 will be held in July 2021.

Eligibility for JEE (Advanced) :

Candidates who wish to write JEE (Advanced) must write Paper of JEE (Main) in the month of Jan/Feb/March/April. Only top 2,50,000 (or just above) candidates (including all categories) who qualify JEE (Main) will be eligible to appear for JEE (Advanced).

JEE Advanced Exam Pattern

Particulars	Details
Mode of examination	Computer-based examination
Medium of examination	English and Hindi
Number of Papers	The exam will have two compulsory papers- Paper 1 and Paper 2
Total time duration	3 hours for each paper (4 hours for PWD candidates)
Number of sections	Both the papers 1 & 2 will have 3 sections in each subject. <ul style="list-style-type: none"> • Physics • Chemistry • Mathematics
Marking Scheme	The exam has a concept of full, partial, zero (unattempted) marks and negative marks

JEE Main

The new exam pattern of JEE Main is divided into JEE Paper 1 pattern for B.Tech and JEE Paper 2 pattern for B. Arch and B. Planning. Each subject will have 20 MCQs and 10 Numerical Value Questions and out of 10 only 5 have to be done, both the papers will be conducted in online mode except for the Drawing test for B.Arch.

The JEE (Main) is being conducted in multiple Sessions (February/March/April/May) for admissions in the next academic session.

Benefits of JEE

1. This will give multiple opportunities to the candidates to improve their scores in the examination if they fail to give

their best in the first attempt without wasting their whole academic year.

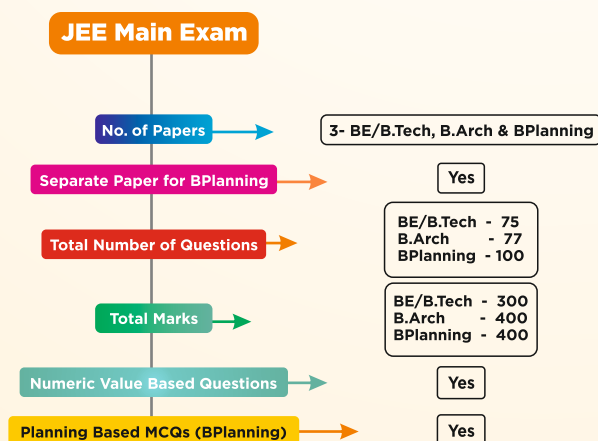

2. In first attempt, the students will get a first-hand experience of taking an examination and will know their mistakes which they can improve while attempting for the next time.
3. This will reduce the chances of dropping a year and droppers would not have to waste a full year.
4. If anyone missed the examination due to reasons beyond control, then he/she will not have to wait for one full year.

The student's best of the NTA Scores will be considered for preparation of Merit List/ Ranking.

JEE Main Exam Pattern (in General)

Particulars	Details
Mode of the examination	Computer-based examination
Number of sections	It will have 2 sections in each subject. <ul style="list-style-type: none"> • Physics • Chemistry • Mathematics
Duration of exam	3 hours (180 minutes) 60 minutes per section
Section A (MCQ)	Mathematics: 20, Physics: 20, Chemistry: 20
Section B (Numerical Value)	In Section B, candidates have to attempt any five questions out of 10. There will be NO negative marking for Section B. Mathematics: 10, Physics: 10, Chemistry: 10
Number of questions to be attempted	75
JEE Main Total Marks	300

About NARAYANA LIVE Online Classes

Technology will always be helping aid for education, as time passes education have to be updated and education should never be affected by any of the scenario and now it's time to experience continual learning with Narayana Live online classes.

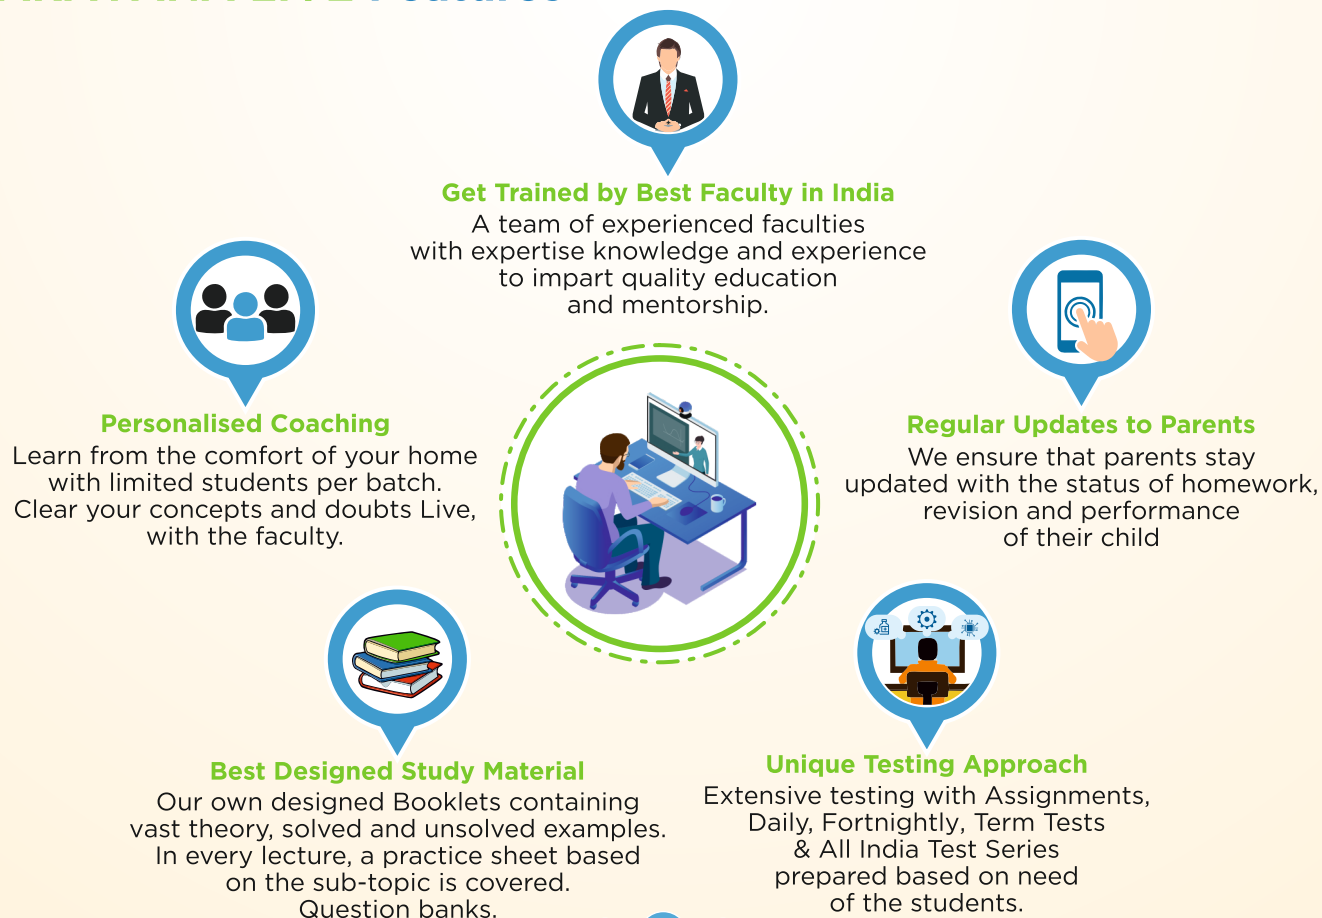

Narayana Live online classes makes the learning hours more interactive and engrossing. Highly qualified and experienced NARAYANA faculty ensure to inculcate the knowledge in students by delivering online classes, where in we create a space for them to feel it as classroom.

In this computing environment in digital world Narayana Live classes helps the student to have updated version of education at par with new strategies of education.

USPs

The best NARAYANA Faculty | Updated technology to deliver knowledge| Interactive classes | Educational analysis by Testing | Video lecture will be provided| High quality education which is cost effective | Live doubt sessions | User friendly software.

NARAYANA LIVE Features

OUR TEACHERS: THE REAL TORCH BEARERS

The path to inspiration starts upon the trails we have known; Each stumbling block is not a rock but just a stepping stone.

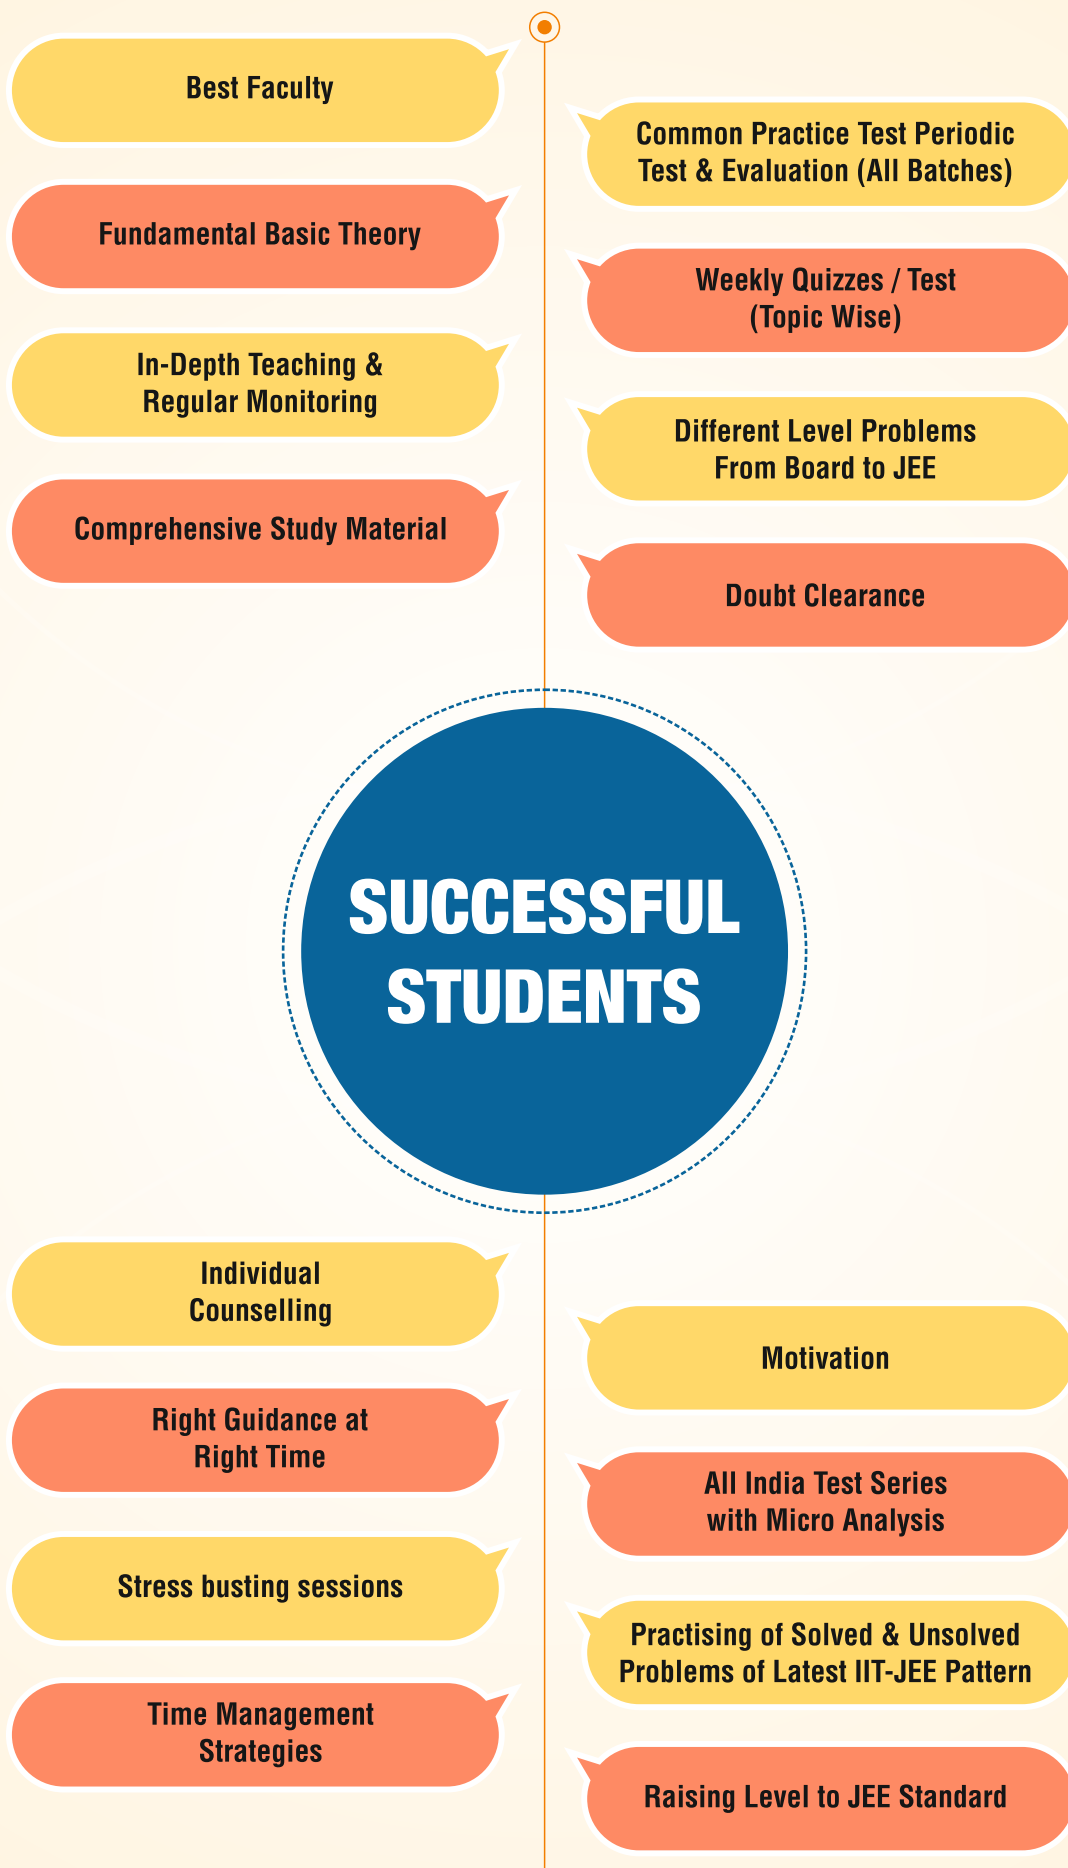

The teachers at Narayana Group are its real assets. They are specialists in their subjects and many of them are authors of well-known text books too. Being the torchbearers, they feel that success is not the exclusive domain of a chosen few. In fact, every student has the potential to succeed and this has to be brought to the fore through the sustained hard work of the student with appropriate guidance. **The magnificence of a pearl can only be appreciated when it has been prized out of the oyster and polished to perfection.**

Our students are excelling largely due to NARAYANA's unique teaching methodology, commitment and dedication of our faculty. Regular Workshops are also held for the teachers to ensure that their teaching methods and subject knowledge is always up to the mark. Constant updating is required in view of the highly competitive environment and ever changing pattern of JEE that the students have to face.

Our Teaching Methodology

- Much care has been taken in designing the study programmes/study materials and they are updated from time to time by the Academic Council.
- Rank Promoting Test Series (RPTS), and other Tests improve the students' examination techniques and problem-solving ability.
- The progress reports are sent to parents by N-connect, sms or email to keep them abreast of their wards' performance.
- Frequent parent-teacher meetings are also carried out for effective feedback.
- There are micro-level and macro-level analysis of the performance of the students with regular follow-up measures.
- Special care is given to students who may not be that strong in their academic performance.
- The faculty conducts doubt clearing sessions. In these sessions any doubt a student may have cleared. Certain topics may be repeated, if a student have doubts about concepts or missed some lectures for bona fide reasons.

Our courses enable the students to build core concepts, achieve accuracy, speed and develop confidence. The students are motivated to learn and perform to their optimum levels.

THE NARAYANA ADVANTAGE

Certain things catch your eye, but pursue only those that capture the hearts...

1. Well planned micro schedule of Teaching and Testing.
2. Exhaustive and In-depth study material is provided to enhance the knowledge base and competitive skill of the students.
3. Centralised feedback of students from all the branches are taken time to time by our Head-office based at Hyderabad.
4. Courses are completed well before time to facilitate revision process.
5. Motivational Seminars to Boost up confidence of students, Regular parent-Teacher meeting, counselling of students, reporting to parents through SMS & e-mails. Regular absentee follow-ups are also done.

PATH BREAKING CLASSROOM PROGRAMME

Path-breaking Classroom Programmes It has been observed in the recent past that students start their preparation keeping in mind a fixed pattern, but in the actual examination they face a different one. In our System, we update our curriculum and teaching methodology as per the latest pattern. Our classroom programmes are constantly updated and provides the necessary guidance required by the student. Without proper guidance from one who has mastered the subject, one can never attain the level of proficiency required. Our faculty are at the top in their respective fields, and they are in fact the trainer of trainers. The classroom programmes not only provide valuable inputs in terms of explaining core concepts of the subjects, but these are also supplemented by a treasure of tips. The focused study in the classroom programmes removes any doubt that a student may have and also helps him / her develop time management skills which optimises the output of each student to match his / her true potential.

Many students and parents ask us "what is the need for the classroom sessions". While self-study is commendable, lessons from experienced teachers go a long way in fine-tuning to what students have learnt. It may make all the difference in this day and age, where so many students are battling for few seats.

Advantages

- By comparing with others in the classroom environment, students identify their strengths and weaknesses.
- Mutual sharing of knowledge between students are most beneficial.
- Only in classroom teaching can the maximum variations to question from a single topics be answered by the faculty. This improves the speed, accuracy and orientation of the students.
- Proper application is explained in detail by our faculty who are totally focused, leading to clarity of concepts.
- Regular analysis of all tests help the students to raise their level to meet the demands of the competition.
- These tests also help students get used to the examination pattern and overcome examination phobia.

UNIQUE ACADEMIC FEATURES

Special Doubt Clearing Cell (SDCC): The Doubt Clearing Cell is the one stop solution to all the queries of students preparing for JEE as well as Board related topics. The teachers are available through out the day to clear any doubts of students on all working days.

Common Practice Test (CPT) : It is a weekly test conducted all over India among Narayana students. It gives our students unique opportunity to perform weekly and see their rank potential among the real JEE aspirants. It is the life line of every programme offered by Narayana. Besides keeping the students competitive and motivated, it helps them to realize their full potential. After taking several CPTs our students become so confident and prepared that even the JEE paper becomes easier for them.

CPTs Every month : There will be two type of CPTs based on different pattern and criteria as mentioned below.

(a) JEE pattern based Test: CPTs to be held every week of the month will be based on JEE pattern of the respective topics considered in the particular week for the test.

(b) CBSE pattern based Test: To equip the students with necessary practice for good score in CBSE boards, few CBSE test will be conducted based on CBSE pattern in between of CPTs.

All India Test Series: No student's JEE preparation can be considered complete without a good test series. This test series consists of 6 part tests and 6 full tests on the latest JEE pattern.

Micro - Level Analysis : This computerized, question-wise analysis will highlight the weak as well as the strong areas in the student's learning. It will point the way to effective preparation in the future and will tell the student which topic and subject requires greater attention. For every question in the objective-type test, the student will be informed the percentage of students appearing in the examination, those that attempted.

Macro-level Analysis: This will compare the student's performance with other students across the country. It will indicate his/her overall position as well as subject-wise position amongst all the students participating across India. We will give the students their subject-wise marks, total marks, subject-wise ranks, overall rank, subject-wise percentiles and overall percentile.

Work Book: As per the new changed pattern of competitive / Board exams Narayana has introduced workbooks for student to develop daily practice habits and enhance their performance in Board Exams.

Computer Lab : We have status will equipped Lab for Practice of Computer Based Test (CBT).

Online Course:

All tests will be conducted only in Online Mode.

Board tests will be given in Offline Mode.

COURSE DESCRIPTION

Our Two Year Integrated Classroom Programme is an ideal course for providing a sound foundation in class XI. It strengthens the base of the students as it is a known fact that all the competitive exams contain more than 50% questions from class XI syllabus. This is a integrated programme comprising of 8 units. It is divided into two academic sessions (4 units in each session). In this course students are thoroughly prepared for CBSE as well as JEE (Main & Advanced).

First Academic Session Class XI

During the first academic session the entire syllabus of class XI is covered integrating the level of the board and the competitive exams. Regular class tests are conducted on objective and subjective pattern to evaluate the performance of the students, and the subsequent feedback is sent to the parents at regular intervals.

Second Academic Session Class XII

A revision test series covering the entire syllabus of class XI is scheduled before the commencement of next academic session.

The second academic session for the aspirants will start from the second / third week of April 2022. In this session students will be thoroughly preparing for their XII Board examination as well as JEE (Main & Advanced). The entire syllabus of class XII will be completed by last week of October, 2022 and the class XI syllabus will be revised from first week of November, 2022 to last week of December, 2022. After the Board examinations, students will appear for the final round of preparation through Narayana's All India Grand Test Series, and compete with meritorious aspirants across India to evaluate their performance at the national level.

Then they will be ready to appear in JEE Main / Advanced 2023.

COURSE HIGHLIGHTS

This course prepares you simultaneously for CBSE syllabus and JEE (Main & Advanced) strategically. It clears all doubts and elevates you to a standard of excellence. All India Test Series and Grand Success Package are a part of this programme.

Research based study material on Physics, Chemistry & Mathematics will be given.

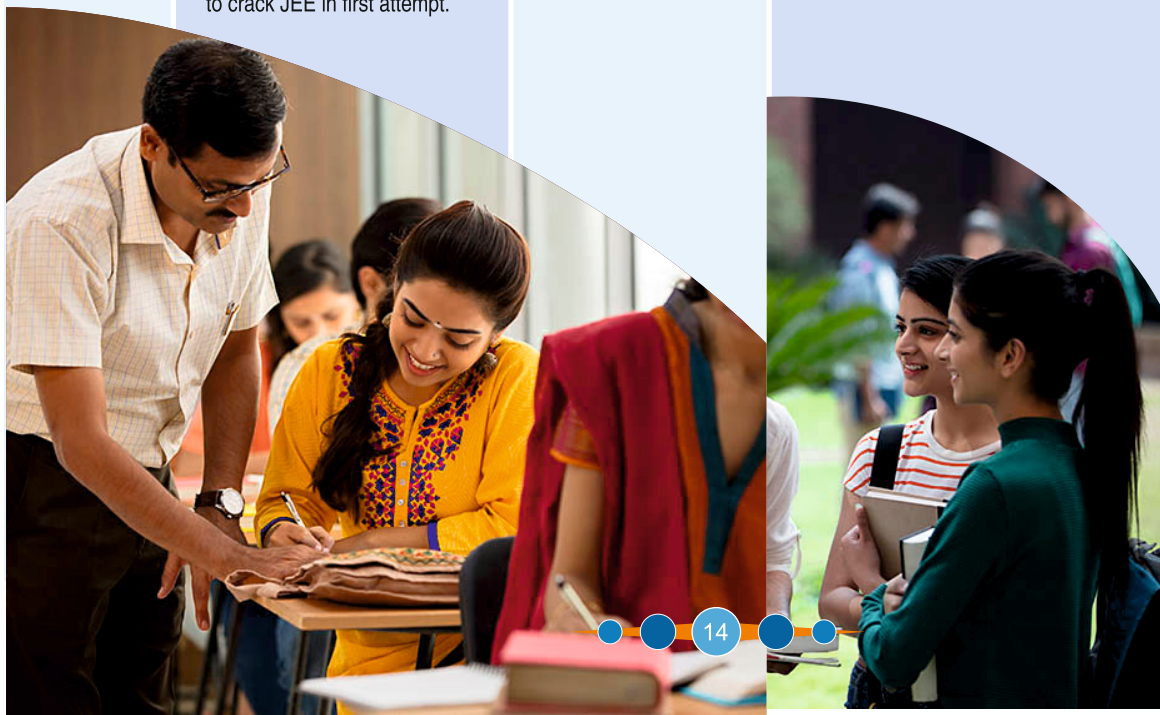

ADDITIONAL BENEFITS

- Early completion of the course ensures ample time for revision as well as time for XII Board preparations.
- CPT (Common Practice test) at all India level will be conducted every week on JEE (Main & Advanced) pattern.
- Narayana's All India Test Series followed by discussion is given to students free of cost in the month of March 2023 for final revision.
- Our Question Bank "Grand Success Package" provides students with approx 4000 questions for JEE (Main & Advanced).

COURSE DESCRIPTION

For XII Cum JEE Course only

- This is an integrated course in which students are taught in a systematic way, based on the pattern of JEE (Main & Advanced) along with Board examination.
- The entire course of class XII will be completed by the last week of October, 2021. Exhaustive revision for class XI will take place from the first week of November, 2021 up to the last week of December, 2021.
- This course is divided into 4 units which includes of classroom interaction, fortnightly tests, feedback for each test through micro-level analysis, complete study material of class XI and class XII and review classes on important topics that are conducted after completion of the syllabus.
- Each unit is followed by a unit test and in between each unit test, regular tests on covered topics are taken to evaluate the performance of the students and also to expose them to a competitive environment. This course also covers the syllabus of class XII and eliminates the need for additional tuitions. All topics are covered from the basics to in-depth level. After the Board examinations, students will appear for the final round of preparation through Narayana's All India Grand Test Series, and compete with meritorious aspirants from all over India.

For XII Pass JEE Course only

- This comprehensive course includes classroom teaching. The course is divided into 8 units and covers the entire syllabus of JEE (Main & Advanced).
- The entire syllabus of class XI and XII will be covered in detail and will be completed by the end of March, 2022.
- Regular tests on relevant topics will be conducted on objective pattern to evaluate the performance of the students and also to expose them to the competitive environment of JEE (Main & Advanced). From 1st week of April, 2022 students will appear for the final round of preparation through Narayana's All India Grand Test Series that let them compete with meritorious aspirants from all over India.

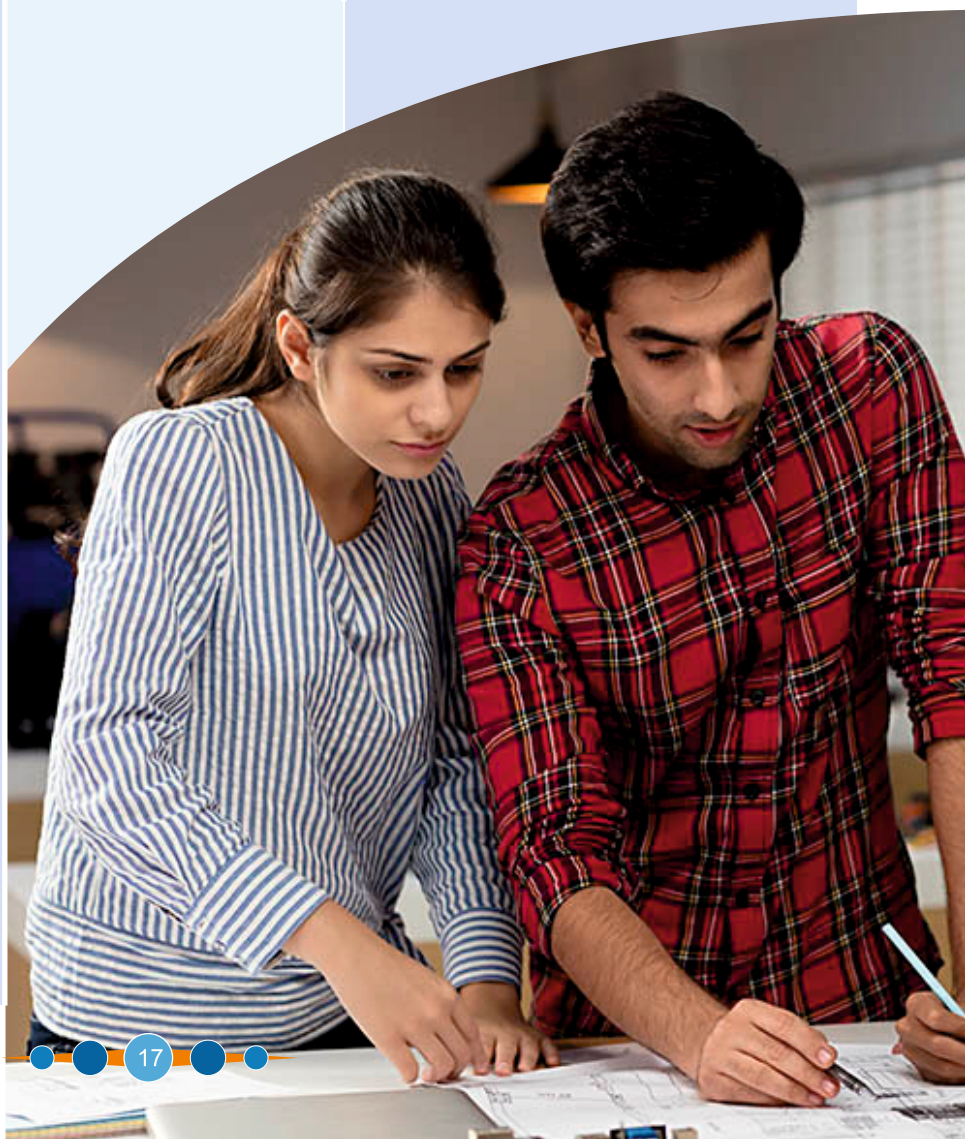

COURSE HIGHLIGHTS

This course enables class XII studying students to prepare for JEE while preparing for the Boards and puts them in the same league as achievers.

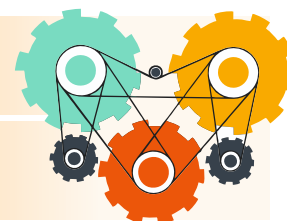

Research based study material on Physics, Chemistry & Mathematics will be given.

ADDITIONAL BENEFITS

- Students enrolled in this programme are eligible for the All India Test Series and Rank Promoting Package.
- CPT (Common Practice test) at all India level will be conducted every week on JEE (Main & Advanced) pattern.
- Our Question Bank "Rank Promoting Package" provides students with approx 4000 questions for JEE (Main & Advanced).

THE FIRST CHOICE **ACROSS INDIA** WITH THE GREATEST RESULTS EVER IN **JEE MAIN - 2020**

Toppers Speak

SWAYAM CHUBE
HT No. MR16303069

The education system at Narayana Schools is stress free. The bonding between the teachers and students is extraordinary. Our teaching faculty motivate us and inspire us at all times to give our best. Weekly exam followed by error rectification helped me a lot to get such top rank. I was exposed to all the patterns of JEE from schooling itself. The common examination across the country helped me to improve myself week by week.

TANUJA
HT No. TL01327005

At Narayana School, I was given a strong foundation in all the subjects. I had excellent classroom teaching followed by guided practice which improved my application skills. My problem solving ability became better day by day as my teachers encouraged me to work on tougher problems. Internal exams were on par with JEE Standards. Regular online exams through nLearn platform in our college labs raised my confidence levels.

**HARSHVARDHAN
AGARWAL**
HT No. HR09300789

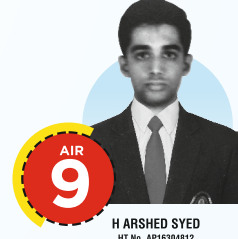

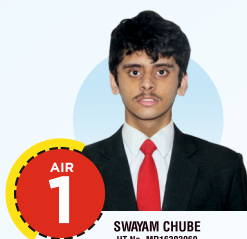

I can proudly say that the lecturers who taught me at Narayana are the best of the best in the country. Their teaching, guidance and doubt clarification have helped me a lot in achieving this top rank. The micro schedule of N-120 Programme was carefully planned so that all our topics were covered much in advance. We had almost 8 months of revision period, which helped me to focus on higher topics. I am grateful to Narayana management.

SHIVA KRISHNA
HT No. TL01330751
